# MASK- VERADE

The PSAI Annual Business Meeting  
and General Assembly 2020

**December 4, 2020 | Friday | 3:00 PM | via Zoom**

With the COVID-19 pandemic crisis that beholds us, we are expected to adapt to a new normal. This includes adhering to the safety protocols set forth by the government.

While we are not able to meet physically for the annual PSAI business meeting and general assembly, we can still come together virtually. In the interest of practicing social distancing, we shall be conducting the annual meeting through Zoom Meetings.

With the theme, Mask-uerade, we highlight the importance of upholding the precautionary safety measures to prevent the spread of this terrible disease. One of which is the proper use of face masks and face shields especially when going out. A play of the usual "masquerade" ball party, the general assembly shall also allow us to celebrate the victories of the association throughout the year.

Moreover, the theme aims to show that nothing can limit us from unleashing our creativity. For this reason, we shall be holding also a **Face Mask & Face Shield Design Contest.**

**A Blessed  
Christmas &  
A Prosperous  
New Year!**
