Dear Fellow Members,

Warmest greetings of peace, health, and well-being.!

We know you are aware that since its inception in 1952, the Philippine Statistical Association, Inc. (PSAI) has been holding the Annual Meeting and General Assembly every first Friday of December consistent with the provisions of the PSAI Constitution and By-Laws.

Our Association takes pride that despite the global health crisis that is now on its second year, we are determined to cap our time-honored tradition of holding our Annual Meeting and General Assembly on Friday, December 3, 2021 from 3:00 – 5:00 p.m. Let us not allow the pandemic to dampen the spirit of the season by allowing us to report on what have been accomplished, renewing our acquaintances, electing new Members of the Board of Directors who will serve for a term of three (3) years (2022-2024), conferring recognition to deserving members, and celebrating another productive yet equally challenging year. Despite uncertainties in our current situation, we wish to keep our individual, institutional and chapter members well-informed and connected with each other, as we prepare to move forward to greet another year.

To enable you to register and to participate in our online event free of charge, kindly [**REGISTER here.**](#) Below is the zoom link for the Annual Meeting and General Assembly.

We have attached for your information the ***Program of Activities*** and other pertinent announcements that highlight our usual business meeting, conferment of awards, oath-taking of new members, virtual games, and report on the results of the elections for the PSAI Board of Directors. To make the event a memorable one, we shall be presenting a modified lockdown environment that has affected all of us through our PSAI version of ***Pinoy Big Brother***. We have attached for your information the **Mechanics of the Contest** that will enable you and fellow members to register online and to participate in the above noted activities.

You will recall that in last year's virtual year-end activities, the participation of our members was very encouraging. We were able to reach out to winners in far flung areas and we distributed prizes in cash and in kind although it took us more time for prizes to reach the intended recipients.

May we once again enjoin everyone to participate in our online year-end event. Let us keep the PSAI spirit alive! We hope to see you online, to register and to actively participate in our virtual Annual Meeting and General Assembly, and to remain connected with each other as we prepare to greet another year.

Thank you very much.

Sincerely,

DENNIS S. MAPA, PhD
President
